Learn more about DOT products by calling 1-888-726-8455 or visit [scovill.com](http://scovill.com).

MADE IN THE USA

# DOT® GROMMETS AND WASHERS

**Sheet Metal Grommets** are available in standard sizes and may be used interchangeably with Plain, Tooth or Neck Washers. **Plain Washers** are used as basic reinforcement to provide support for the grommet setting. **Tooth Washers** provide a firmer, tighter grip, particularly when used on woven material. **Neck Washers** reinforce the hole in a barrel-to-barrel setting and facilitate automatic feed setting. **Rolled Rim Grommets** and **Spur Washers** are known for robust construction with a unique design of interlocking teeth that provides premium security for the most rigorous applications.

## SHEET METAL GROMMETS

SIZE	PART NO.	ID	OD	LUF	HOLE SIZE
#00	20-10900	.175	.425	.135	3/16
